

REMARKS

Claims 1-3 are now in this Application, and are presented for the Examiner's consideration.

Allowable Subject Matter

Claim 4 was indicated as being allowable if rewritten in independent form.

In this regard, the limitations of claim 4 have been added to claim 1, and claim 4 has been canceled. Thus, claim 1 now constitutes claim 4 rewritten in independent form.

It is therefore submitted that amended claim 1, and claims 2 and 3 which depend therefrom, are in condition for allowance.

Prior Art Rejections

Claims 1-3 were rejected under 35 U.S.C. §102(b) as being anticipated by U.S. Patent No. 5,319,282 to Winsor.

However, since the limitations of allowable claim 4 have been added to claim 1, it is submitted that this rejection is now rendered moot, and thereby overcome.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.

In the event that this Paper is late filed, and the necessary petition for extension of time is not filed concurrently herewith, please consider this as a Petition for the requisite extension of time, and to the extent not tendered by check attached hereto, authorization to charge the extension fee, or any other fee required in connection with this Paper, to Account No. 07-1524.

The Commissioner is authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 07-1524.

In view of the foregoing amendments and remarks, it is respectfully submitted that Claims 1-3 are allowable, and early and favorable consideration thereof is solicited.

Respectfully submitted,

Richard M. Goldberg
